

COVID-19 PROTOCOL

As we continue to live and learn through the COVID-19 global pandemic, some changes are needed to ensure student and teacher safety.

Montgomery Music will be offering in-person AND online lessons beginning in September 2020.

For in-person lessons, the following protocol will be implemented:

- **Please stay home if you are sick** or have any symptoms of illness.
- In-person lessons that must be cancelled due to teacher or student illness will be rescheduled online.
- If the student shows any symptoms of illness during the lesson, the parent will be called to pick them up.
- **Masks are required for teacher and student.**
- Only the student will enter the studio. Parents and siblings must wait outside. Parents can observe the lesson from outside the glass doors.
- There will be an entrance door and an exit door. Please wait until the previous student has left before entering.
- The teacher and student will be seated at separate pianos.
- The teacher and student will use hand sanitizer before and after the lesson.
- The teacher will sanitize the keys before each student and there will be regularly scheduled cleaning of high-touch surfaces.
- Students must bring all their own music and a pencil to the lesson. There will be no borrowing.
- Bathroom use is on an emergency basis only. Please use the bathroom at home before your lesson.
- No food or drink in the studio except water in your own water bottle.
- Payment by e-transfer is encouraged.

Thank you for your cooperation as we aim to protect all of our health and safety while continuing to provide music education for our students.

Please let us know if you have any questions or concerns.
